A referral requirement means that the insurance only becomes applicable once the treating physician in the primary care system has written a referral for continued treatment.

“Qualifying period” means that the insured person must not receive treatment or have symptoms of a prior condition for 24 months after taking out the insurance policy, after which time the insurance is also valid for these illnesses or injuries.

With excess, you pay SEK 500 per condition/injury at the first doctor's visit.

## Terms and conditions for direct debit

### General

Direct debit is a payment service in which payments are transferred from the payer's account at the recipient's initiative. In order to pay by direct debit, the payer shall give their consent for the payment recipient to initiate payments from the payer's account. In addition, the payer's payment service provider (e.g., a bank or payment institution) must approve the use of the account for direct debit and the payment recipient must approve the payer for payment by direct debit. The payer's payment service provider is not obligated to evaluate the authorisation or to inform the payer ahead of requested withdrawals. Withdrawals are charged to the payer's account in accordance with the regulations applied by the payer's payment service provider. The payer will receive notification of withdrawals from their payment service provider. At the payer's request, their consent can be transferred to another account with the same payment service provider or to an account with a different payment service provider.

### Definition of banking day

Banking days are all days except Saturday, Sunday, Midsummer's Eve, Christmas Eve, New Year's Eve or other public holiday.

### Information about payment

The payer will be notified by the payment recipient of the amount, due date and payment method no later than eight banking days before the due date. This notification can be made ahead of each individual due date or at a single occasion in reference to several future due dates. If the notification refers to several future due dates, the notification shall be made no less than eight days ahead of the first due date. However, this does not apply in cases where the payer has approved the withdrawal in conjunction with a purchase or order of a product or service. In that case, the payer will receive a notice from the recipient regarding amount, due date and payment method in conjunction with the purchase and/or order. By signing this consent, the payer agrees to the execution of payments covered by the payment recipient's notification in accordance with this point.

### There must be sufficient funds in the account

The payer shall ensure that there are sufficient funds in the account no later than 00:01 on the due date. If the payer does not have sufficient funds in the account on the due date, it may result in payments not being made. If there are not sufficient funds for the payment on the due date, the payment recipient may make further attempts to withdraw the money in the following banking days. The payer may request information from the payment recipient regarding the number of withdrawal attempts.

### Stop payment (cancellation of a payment order)

The payer may stop a payment by contacting the payment recipient no later than two banking days ahead of the due date or their payment service provider no later than the banking day prior to the due date at the time specified by the payment service provider. If the payer stops a payment in accordance with the above, it means that the payment in question is stopped on that specific occasion. If the payer wishes for all future payments initiated by the payment recipient to be stopped, the payer must withdraw their consent.

### Validity of the consent, withdrawal

The consent is valid until further notice. The payer is entitled at any time to withdraw their consent by contacting the payment recipient or their payment service provider. The notification regarding the withdrawal of consent shall, in order to stop payments that have not yet been effectuated, have been received by the payment recipient no later than five banking days ahead of the due date, or by the payer's payment service provider no later than on the banking day before the due date at the time specified by the payment service provider.

### The right of the payment recipient and the payer's payment service provider to cancel the direct debit

The payment recipient is entitled to cancel the payer's direct debit 30 days after notifying the payer of such action. However, the payment recipient is entitled to immediately cancel the payer's direct debit if the payer has repeatedly had insufficient funds in their account on the due date or if the account for which consent has been given is closed or if the payment recipient otherwise deems it inappropriate for the payer to pay through direct debit. The payer's payment service provider is entitled to cancel the payer's direct debit in accordance with the terms and conditions that apply between the payment service provider and the payer.

## Signature
